How to take care of Kodama Coat Rack

Thank you for your purchase!

Please read the following care instructions for products manufactured by Askia.

Daily Maintenance

For daily maintenance of Kodama Coat Rack, use a damp cloth to clean the entire surface of the legs. Dust with care. Use a microfiber cloth when dry dusting. Use a light touch and do not rub the cloth forcibly over the surface. Always clean spills and water off with a clean dry cloth or paper towel. Avoid direct sunlight and heat, as this can cause excessive dryness, cracks and color fading.

Long Term General Maintenance

For long-term general maintenance, periodic reapplication of wax is required. Avoid the use of scourers or bleaches. Use a humidifier. Use a hygrometer.
