

# ATELIER LOUNGE

Design by Dragoş Motica

After 4 years of existence, the Atelier family receives a new member: the lounge chair. This keeps the aesthetic qualities that made the collection so memorable, but it comes in a new form, which invokes relaxation through every millimeter.

### DAILY MAINTENANCE

Daily, use a damp cloth to clean the entire surface of the chair. Use a microfiber cloth when dry dusting. Avoid direct sunlight and heat.

### LONG-TERM MAINTENANCE

Periodic reapplication of wax is required. Use a damp cloth to clean leather or wool and cream to moisturize the material so that it doesn't dry out and crack.
