ASKIA RESEARCH STUDIO

ARS is the team of designers and engineers behind AŞKIA Furniture and ARCADEGROUP. Brought together by a passion for design and guided by the desire to explore innovative technological solutions, we aim to develop ARS as an interdisciplinary space for creation, testing and production.

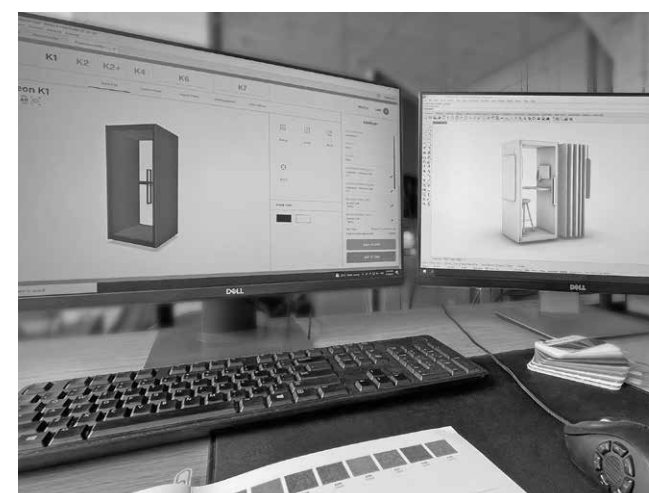

Our essence lies in natural materials and long-lasting solutions. In Romanian, "AŞCHIA" means "the chip of wood". For us, wood is the most meaningful material. We aim to express its vital power, undeniable qualities and symbolic meanings in everything we do.

This is a fresh start of our work together.

Perfectly complemented by the impressive technical expertise and high production capabilities of ARCADEGROUP, our new partnership brings forward a bigger potential for developing and manufacturing state-of-the-art objects. With the help of their over 140 specialists working in Bucharest and Mizil, combining creative craftsmanship with advanced technologies, ARCADE sustains the production of the existing and future ASKIA collections.

DRAGOŞ MOTICA

Passionate architect and award-winning designer, Dragoş Motica is Askia (former Ubikubi) co-founder and Creative Director. Since 2014, when the studio was launched, Dragoş developed over 50 objects, ranging from home and office accessories to lighting pieces and furniture. Best known for Marco family of seating solutions and Slash Lamp, Dragoş defined an ingenious, contemporary identity for Ubikubi and became the core of the team which reunites hand-picked Romanian designers and architects.

www.201designstudio.ro

201 DESIGN STUDIO

Mira & Codrin focus primarily on functionality when designing objects. The core of their creative process is the perfect understanding of the interaction between object and user.

www.instagram.com/mbsp.studio

MBSP STUDIO

Through MBSP Studio, Mihaela and Ştefan try to establish a personal working system, in the fields of interior and product design. They always connect production with simple solutions, and the understanding of the theme with solving the details.

OANA IACOB

Oana Iacob studied at UAUIM Bucharest and TU Delft, in Netherlands. She was granted with awards in interior design for retail at the World Space Creators Award Japan 2010 and in object design at the competition for Delta Studio in 2012. She is partner architect in the Republic of Architects office. In 2013, she started Cabinet, a design-oriented practice.

www.corvincristian.com

CORVIN CRISTIAN

CCS is an award winning design and architecture practice specialized in hospitality projects, office spaces and retail. CCS activity spans across a variety of fields: integrated architecture, interior design, product design, identity & graphic design, scenography. Since 2012 CCS joined international team Theleisureway in developing innovative design solutions for the changing retail environment with an emphasis on public spaces in shopping malls around the world.
